

Chairperson's Thoughts

Delhi Public World Foundation

Our Indian standard of education is excellent. Our students are amongst the best in the world. They score high on marks – to the extent of securing even 100% in English! But can we truly say that our children are well rounded? Not just masters of marks but also fluent in languages, communication and general knowledge? Have they developed team spirit and qualities of leadership? Do they see beyond the confines of their school and home to recognize inequalities around? Can they hold their own in public debates or present themselves admirably in an interview? There is so much of the past that was character forming which our schools have discarded or forgotten in the pursuit of High Grades. Institutions like National Cadet Corps and Scouts and Guides; Institutions like the Social Service League; the Arts, Crafts, Culture and Philosophies of our country that our children are unfamiliar with. We are losing many aspect of our history which must be gathered with care before it is all scattered in the vicissitudes of time. The DELHI PUBLIC WORLD FOUNDATION, pioneered by a group of graduates from the DPS Schools who have since made a mark in the world, seek to take education to a higher level; an overall holistic, comprehensive and focussed initiative to produce all-rounded human beings. What we emphasize is the road we are taking to get there – perhaps the road less travelled; but a road which we hope is filled with adventure, with curiosity, with wonder. This is a challenge that we at the Delhi Public World Foundation have taken up in earnest. The wealth of knowledge and experience of our Life Trustees, Term Trustees, Advisory Council and Members of the Education & Resource Council is being harnessed to open our students' eyes to all the wonderful things that the world has to offer. To appreciate art as well as to create it, to establish their own individual identity through creativity. To not only carve a Printing Block or make Handmade Paper out of rags and waste but also to carry in further by printing on the paper and then on to adding value by making greeting cards stationery, decorative boxes, etc. Modules are being created for our children to engage in Self Care, Social Service, Animal Welfare and Environment protection. To make them appreciate, understand and anticipate the dire necessity of valuing our depleting wildlife, threatened environment and ecology. To bring to them firsthand knowledge and information of new energy saving techniques and technology – Solar Energy, Rainwater Harvesting and just simple Vermi composting from household waste. They are encouraged to take time off from cramming for exams and tests to take part in Drama, Elocution, Music and all those varied expressions of impulsive creativity. As to express themselves on canvas of in stone or even just create a bonsai plant or a simple Ikebana. In simple words we want them to be children, leading an exciting child's life and not be forced to become premature adults! Please join us and be part of our new adventure full of wonder and care.

Louise Khurshid

Manager's Message

“Education is not preparation of life, it is life itself”

John Dewey

We at Delhi Public World School, Pilkhuwa accept and follow this quote. We understand that all the students of school are special. We just help them in realizing their potential and prepare them to take in the future.

We are an ideal destination where we impart character, integrity, knowledge, discipline and compassion in our students making them un-paralleled individuals.

In the present time education is provided at every nook and corner but is the powerful tool of knowledge which helps the children in the future.

We don't believe in making students materialistic individuals but humans who value others.

A home for child is the first school which they attend and we take pride in saying that we provide the children with environment where their qualities just multiplies.

We encourage the young minds and help them in choosing the right path, taking correct decisions and following their heart differentiating between right and wrong.

Our school along with the state of art, ultra modern cutting edge technology imparts to our students the best of the knowledge & education by providing them with the best environment to develop their young minds into great leaders of tomorrow.

I welcome you with open arms to our Delhi Public World School, Pilkhuwa family where young minds are nurtured and bright individuals shine.

Ankur Choudhary

Principal's Message

“Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations”

Today, the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society.

At Delhi Public World School, Pilkhuwa we provide an atmosphere to our students for multifaceted development, where children are encouraged to channelize their potential in the pursuit of excellence. The talents, skills and abilities of each student identified, nurtured, and encouraged so that he / she is able to reach greater heights.

The school encourages self discipline, creativity, independence of thought and tenacity of purpose with the understanding that both success and failure are necessary for learning. The school provides a challenging and supportive environment for the best academic and personal development through integrated studies and hands on participation, in order to inspire the love of learning and accomplishment. Smart classrooms and interactive boards, modern Science and Computer labs, STEM and Robotics, performing arts and fine arts rooms, and other facilities are meant to empower our students with precision and competency. We also have an extra-curricular activity programme where multifarious disciplines like music, dance, cricket, football, chess, skating, taekwondo, athletics, aerobics and yoga etc. are taught under the careful guidance of coaches and teachers. The school is striving hard to make the best possible efforts to inculcate strong values combining with academics and extra-curricular activities in the children.

The innovative curriculum of our school focuses on spirit of enquiry, self discovery, creativity, learning experiences connected the real world, allowing children to apply and analyze what they learn, thus building true understanding and confidence. Our children learn not to attain just the academic excellence but an all-round personality.

We welcome you to our world of positive efforts, faith, fulfillment and hope will enjoy travelling with us to actualize our shared dream and to dream new!

Poonam Verma

Vision

Delhi Public World Schools are committed to provide state-of-the-art education, incorporating Indian values and World culture, aiming to create global citizens as torch bearers of a dynamic and harmonious world.

Mission

Delhi Public World Schools aim to instil in each child a sense of inquisitiveness and exploration, and an urge for experimentation, observation and synthesis. We endeavour to free the learning process from the confines of the four walls of classrooms and take it further to activity workshops, resource centres, laboratories and library, teaching less for learning more. Every child is encouraged to inculcate the values of citizenry; a commitment to good health, high values and sensitivity to the environment. We strive to guide and support each child in their journey from primary to senior school and prepare them for the journey beyond school.

DELHI PUBLIC WORLD SCHOOLS ARE DIFFERENT

Delhi Public World School is an innovative effort to integrate the best ideas in education taken from all good practices in India and around the world. For instance, we borrow from the Nai Talim principles of Mahatma Gandhi where learning takes place by doing, where knowledge and activities are not separated from each other, and the virtuous character of the child is built to last a life time. We also strive to make the principle of universal peace and tolerance the basis of DPWS, so that every child who comes to us leaves the school with a habit of humility making our future world a place of harmony and goodwill towards all. Emphasis is laid on learning from the environment combining spiritual philosophies with different subjects in the curriculum. The DPWS ethos of equity, compassion, cooperation and service before self. To achieve this blend, our student community is involved in peer tutoring to reach out to fellow students who may be less privileged than them; our teachers are provided opportunities for researching pedagogic systems, and for continuous training and learning. In addition to excellent teaching and learning facilities, each of our schools are encouraged to offer a variety of creative courses and advanced opportunities in the sporting and cultural fields. And just as every Delhi Public School is special, every student of our schools is nurtured and empowered to blossom in his or her own special way.

Curriculum

The Curriculum of Delhi Public World Foundation adheres to the National Curriculum Framework 2005 (NCF 2005) and the CBSE curriculum.

The Foundation believes that the classroom experiences of children are to be organized in a manner that permits them to construct knowledge in consonance with the child's nature and context, thus providing equal learning opportunities for all children. Teaching aims at enhancing the child's innate desire and acumen to learn. Activity is at the heart of children's attempt to make sense of the world around them. Therefore, every resource is deployed in a child-centric manner to enable him/her to express himself/herself, handle objects, explore his/her natural and social milieu, and to grow up in good health.

Our guiding principles are as follows:

- Teaching and learning to shift away from rote methods.
- Curriculum to be enriched enough to go beyond textbooks.
- Teach less to learn more.
- Opportunities to be created to enhance the ability of children to link learned knowledge to life outside the school.
- Examinations to be more flexible and integrated with classroom life.
- Classroom experience is directed towards becoming good citizens with a sense of equality and compassion towards others.

Auditorium

The auditorium has been designed to have clear audio visual experience and promote the talents of the pupils. It is well equipped and includes the light and sound effects. The stage provides ample space for expression and inspires all students. It has also greeted many dignitaries who have been the guests of honour for various events held here.

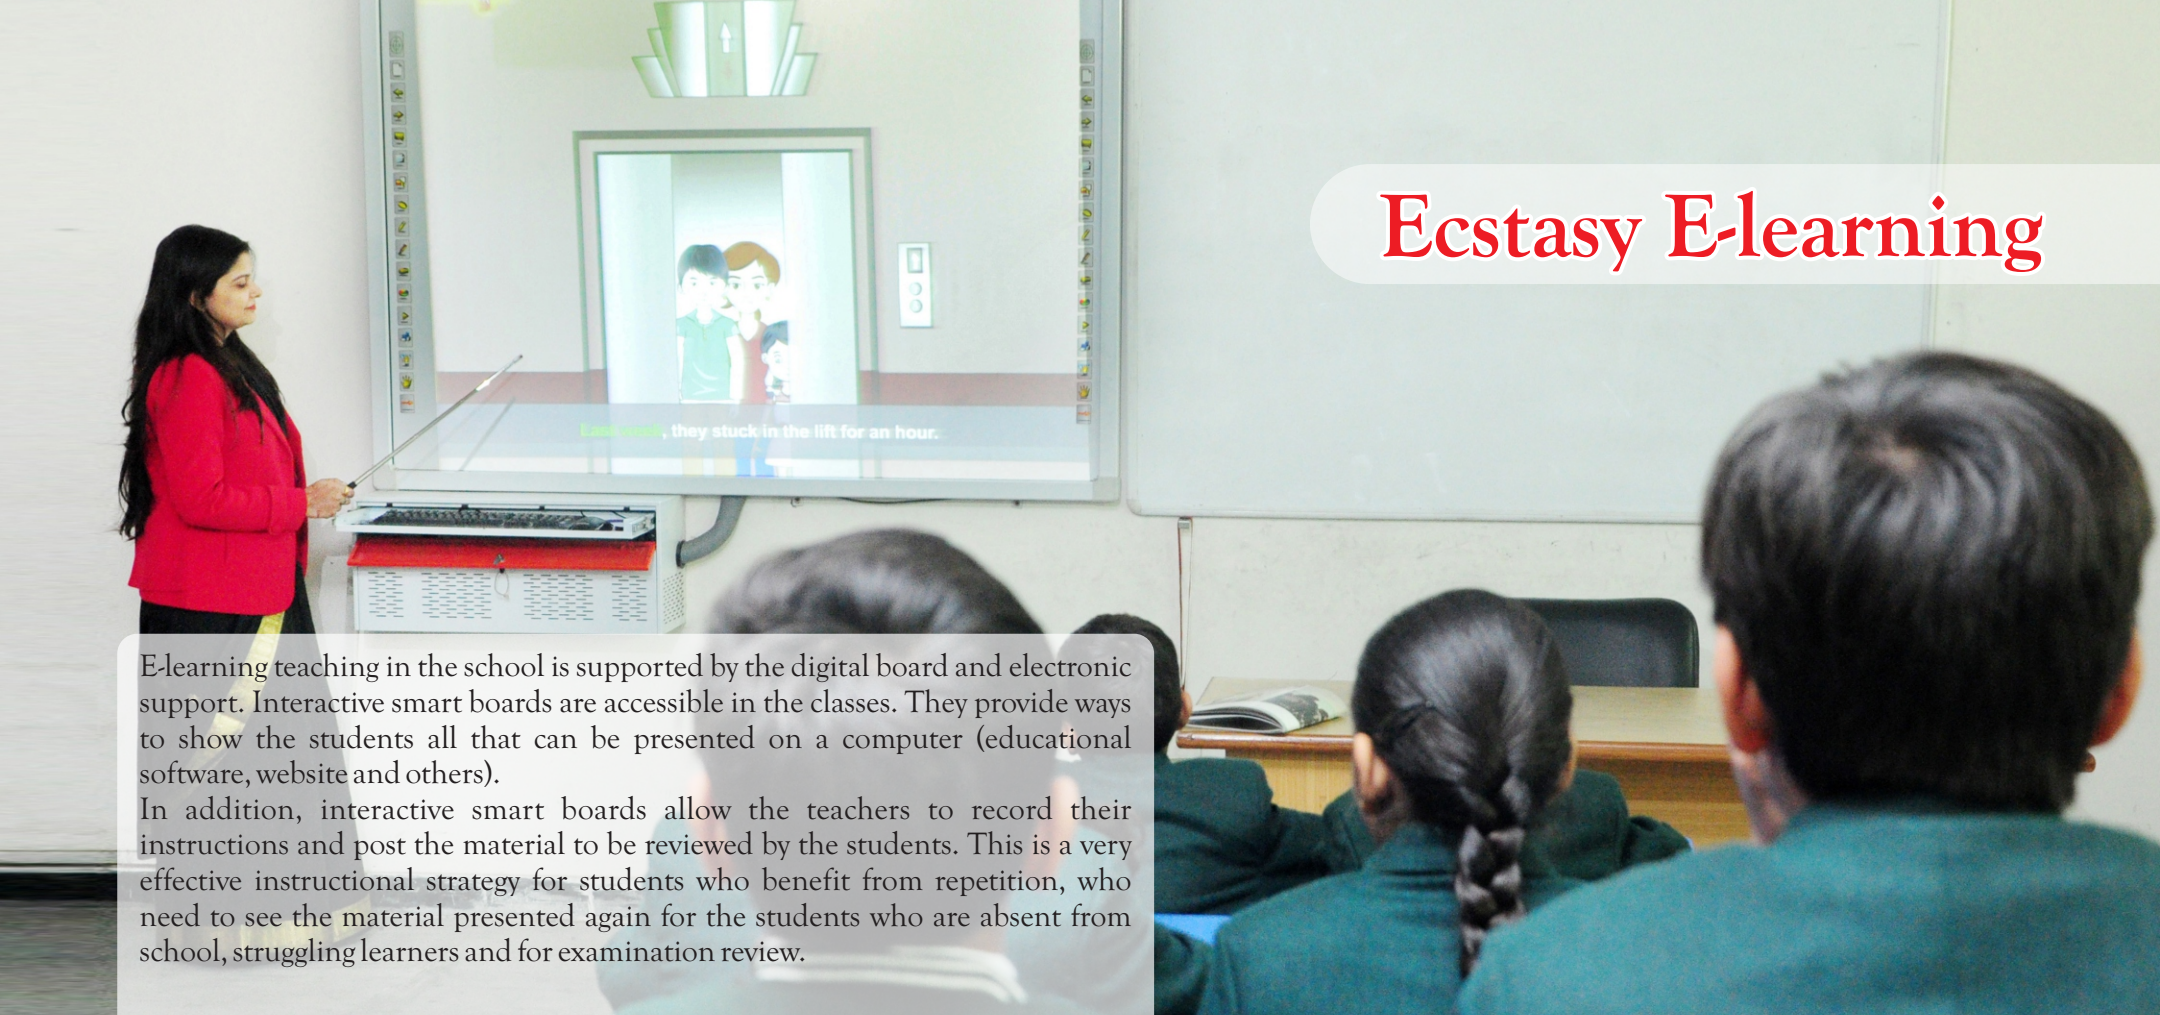

Workshops and Seminars

Workshops and seminars are conducted, both for the students and the teachers to enhance their skills and knowledge and get a wider prospective on various topics like Women Empowerment, Gender Equality, Teaching methodologies, languages etc.

Competitions and Activities

The itinerary for every upcoming session is dappled with amazing and interesting plethora of co-curricular activities inter school and Intra School, all with the sole objective, to provide extensive opportunities and exposure to children chisel their innate talent and potentials. There is a showcase of various talents in the field of performing and visual arts. Activities like recitation, Elocution, Quiz Competitions, Rangoli Competitions, Individual Talent Show, Fancy Dress, School Band, Performing arts, Sports competition, Adventure camp etc. aim to make the students fit for the future and also develop a sense of competitive spirit in them.

Ecstasy E-learning

E-learning teaching in the school is supported by the digital board and electronic support. Interactive smart boards are accessible in the classes. They provide ways to show the students all that can be presented on a computer (educational software, website and others).

In addition, interactive smart boards allow the teachers to record their instructions and post the material to be reviewed by the students. This is a very effective instructional strategy for students who benefit from repetition, who need to see the material presented again for the students who are absent from school, struggling learners and for examination review.

Computer Lab

Education also means keeping up to date with the world and moving hand in hand with them. Technology and internet have become a very important part of day to day lives. So, we at Delhi Public World School, Pilkhuwa, ensure that our students are well exposed to this. Our high tech computer lab is designed to promote e-learning and make this audio/visual media an enriching experience for them.

Visual Arts

*“The painter has the universe
in his mind and hands.”*

Visual art is an expression of creativity and imagination. It is an outlet for individual thought, visualization and interpretation of ideas, events and environment.

The elaborate Art Studio with the finest faculty, guide the children to achieve finesse through numerous techniques and history of Art. It is not just directed to evolve artists but to infuse in each child an aesthetic sense and appreciation of beauty in life and surroundings. The Visual Art Department has a wide range of activities: Fine Arts, Craft Work, Clay Modeling, Commercial Art, Best out of Waste, Paper recycling, Aesthetic Appreciation etc.

Robotics

The School has also built a Robotics lab for students to learn first-hand the wonders of science and also train students to build and control robots. Fostering scientific thinking and reasoning, the lab helps students to learn beyond the textbook and promotes learning-by-doing.

STEM Learning

Integration of STEM (Science, Technology, Engineering and Mathematics) in the curriculum has given a sense of purpose and direction to the students by painting the ideas and concepts on the paper, making their 3D models, conducting science experiments to solve a problem generated in the classroom and programming an application that reveals a real-world problem.

Music

Music is an important part of people's way of life, as it plays a key role in religious rituals, ceremonies, social and cultural activities ranging from amazing karaoke singing to playing a band or as professional musician or singer. We at Delhi Public World School Pilkhuwa, give ample of opportunities to the students, to enhance their talent through appreciating and performing music of varied cultures and places.

Dance

The dance curriculum provides means of personal expressions and emotional balance. It also inspires the students to participate in various events and broadens their knowledge of art and other skills. Different forms of classical as well as modern dances are being incorporated in school curriculum to help children develop co-ordination of mind and body, and to nurture the ability to focus, and maintain intense concentration. Dance can improve and correct posture, it helps to strengthen a child who is physically weak. It also gives children a sense of movement, rhythm and an appreciation.

Library

The school library is centre for learning and plays a key role as a place for encouraging innovation, curiosity and problem solving. Our library has wide range of books for the purpose of reading and reference. Its environment inspires the students to access the knowledge and become aware about the world.

Kids Zone

The school has specially designed “Kids Zone” for Pre-Primary classes to create an environment that stimulates and nurture the mental and physical capacities of young one in a learn while play atmosphere, besides inculcation of moral values and infusion of virtues of character in children. Specially designed toys, models and charts are used as the main teaching aids which makes the learning interesting and easy for the kids.

Thrill Enlivening Sports

*"It's not about winning the game
But also about playing it well."*

Sports impart health and agility of mind in a practical manner on the playground. At Delhi Public World School Pilkhuwa, Sports and Games are an integral part of the education.

All boys and girls are encouraged to take up regular sports activities in the school, both team as well as individual games. Through such participation while ensuring good health, students also acquire valuable life skills, team spirit, reliability and dedication.
